

Transportation to Florida International University

Please take an Uber/Lyft to FIU's Modesto Maidique Campus. The Keynote lecture will be held in a classroom called Graham Center 355. The Graham Center is the student center on campus. From 107th Street, the Graham Center is more easily accessible (than 8th St.) Get dropped off, or if you are driving, look for the metered parking, in front of a huge blue FIU sign (SCSC building), walk by it on your right and you will see FIU's Bookstore in front of you. You can walk through the bookstore and ask any student to direct you to GC 355, or simply exit the bookstore Right, then walk down a long hallway past shops towards an atrium with banners. The central stairs are to your left. Go up two flights to the third floor and GC 355 will be on your left. OR, go through the atrium, then turn to your right, past Café Bustelo and the lockers, to the elevator, and take it to the third floor, and follow the signs for GC 355 down the hallway. If you get lost, the Graham Center is right next to the main library, called Green Library, which is a tall, centrally located building with a small blue FIU sign at the top. See this map:
